

SmartRack Hinged Standoff Security Cage for Rack Equipment, 3U, Front

MODEL NUMBER: SR3UCAGE

Locking security cage protects rack equipment against damage, tampering, theft and unauthorized access.

Features

3U Accessory Helps Secure Essential Rack-Mounted Equipment

This SmartRack® security panel installs to your EIA-standard 19-inch rack cabinet or open frame rack to keep your connected equipment, cabling and accessories safe. Made from cold-rolled steel with a durable black powder-coated finish, the SR3UCAGE keeps your equipment locked away to protect it against damage, tampering, theft or other unauthorized access. This security cage is essential for racks located in shared spaces or areas with public access.

Easy to Install over Existing Rack Equipment with Included Hardware

Ideal for data centers, wiring closets, back offices or anywhere else with rack-mount equipment, the SR3UCAGE comes with necessary tamper-proof mounting hardware and keys. Its hinged design allows easy access to protected equipment. The cage's perforated design allows constant airflow to help keep equipment cool and lets you monitor equipment without opening the cage.

Highlights

Locks securely with included keys to prevent unauthorized access to components
Heavy-duty steel construction designed to hold up in busy IT environments
Perforated design allows airflow to equipment and visual monitoring of equipment
Hinged to allow quick and effortless access to protected equipment
Easy to install over existing rack equipment with included mounting hardware
